

MEMORANDUM FOR THE FILES

December 7, 1943.

At Mr. Pehle's request, I telephoned Mr. Thorold of the British Embassy and asked him if he had had any reply to the cable which he stated he would send to London when he was here on November 24. He advised me that he had had no word from London and that he had sent a follow-up yesterday which he hoped would bring a reply. He also stated that he would let us know as soon as an answer was received.
