(1) Whole story reveals not only tremendous delays ^{from beginning to end} & failure to act; but further what appears to be wilful attempts by State Dept. officials to prevent action.

As Rubi will put it - understatement & actions of the govt has been such as would indicate to Germany that we don't give a damn what they ~~do~~ do with the Jews.

for
satellite nations

It seems clear ~~from the state~~ categorically that the action of certain State officials has resulted in the death of many thousands of Jews.

(2) Background W.C.C.

8,000,000 Jews

2,000,000 escaped - mostly to Russia

3,000,000 dead

3,000,000 are probably still alive

Emigration

as rumors come especially from death to the Jews comes with the most of Jews in Eastern Europe killed. Russians as Germans retreat toward Transistria Jews who are left will undoubtedly be killed.
