The following arrangements are being considered in connection with proposals made by representatives of the American Jewish Congress for relief and evacuation of Jewish refugees in Rumania and France:

A blocked account would be established in a bank in the United States (not in Switzerland) by deposit of funds by private groups in this country for reimbursement of persons in occupied and other areas who furnished necessary local currency or services in connection with the evacuation of Jewish refugees (a) from Rumania to ~~Palestine~~ and (b) from France to Spain or North Africa. Subsidiary blocked accounts would be established in the amounts and in favor of the persons furnishing such currency or services certified by an agent of the World Jewish Congress acceptable
