

INTERROGATION OF GEORG VON SCHNITZLER

15 March 1947

9:45 - 4:45 P.M.

Interrogator: Mr. Drexel A. Sprecher
Witness: Dr. Georg von Schnitzler
Present: Mr. Albert Levy
Court Reporter: Miss Jeanette Stengel

We will resume the interrogation. Dr. von Schnitzler, the record of the interrogation of this morning has been prepared by Miss Stengel. I will give you a copy and over the weekend you can look it over and perhaps we can go into that on next Monday.

Q. I had another question which I thought I would ask you. I noted with respect to the statement on organization which you passed to me, the following: You first wrote up some rough notes concerning it. Then you dictated to Miss Kluge in English, and then you corrected it, is that correct?

A. That is correct.

Q. Now, with respect to one of the little memoranda which you have passed to me, the one of 14 March 1947. This was the note you made where you said you desired to make some additional declarations concerning the interrogation of 27 February 1947. I notice that you first wrote that up in the German language and then you made a translation of it and then you passed the translation and the original German to me.

A. Yes. Can I just say I can't take the translation as official but only as a draft.
