SUBJECT: Assignments for Staff of the
Special Investigations Branch

TO : Mr. Thomas E. Ervin (241).

Copies to: Mr. DuBois (323) —
Mr. Lyon (359)
Mr. Thayer (286)
Mr. Fitzpatrick (245)
Mr. Levy (245)
Mr. Schonfeld (253)

1. As of late February, the staff of this section included: Walter Schonfeld, Section Chief, Herman Lang, Assistant Section Chief, Henry Birnbaum, Roger Charlier, Moriz Kandel, Alfred Lewinson, Marcel Lobel and Rudolph Pepper. Following your request of this morning, I am setting forth a rough summary of some of the work which has been performed by this group and thereafter making certain suggestions to clarify assignments to this group of individuals, ~~thereof~~.

2. Under Mr. Schonfeld's direction, Mr. Lang and Mr. Lewinson have been working on a summary brief on Support of the NSDAP by Nazi Industrialists. This project is well along and is being reviewed by Mr. Schonfeld. Its contents will be of utility to Flick, Farben, Krupp, Dresdner Bank, and the Hermann Goering Works Cases. Mr. Schonfeld is also supervising a clean-up job on a few additional files of RVK and RVE, principally of value to the Flick Case and of secondary value to the Krupp Case. Mr. Schonfeld states that there is also a job of about one week remaining for himself and several analysts in cleaning up about fifteen files of the Vereinigte Stahlwerke for the Flick Case. This project again has primary value to the Steinbrinck Case with secondary value to the Krupp Case. Within one week Mr. Lang's glossary of economic terms for all economics cases should be completed.

3. With such assignments hanging fire, it has been difficult for the Farben Team to give major assignments to this section, particularly because we need skilled research analysts for field trips to specific locations to "capture" additional groups of documents for analysis. Therefore, arrangements were made some time ago for Mr. Kandel to "break in" on the Farben Aggressive War Count. He has only begun this work. Additionally Mr. Lobel has been loaned to assist Mr. Levy in the final review and processing of the huge volume of miscellaneous incoming Farben documents. As soon as Mr. Charmatz and Miss Mayer are through with the preliminary draft of the Farben indictment, we would like that a new analyst, Mr. Birnbaum, ^{to} break in on the Farben Aggressive War Count and be available for field trips.

4. It would naturally be much more profitable if Mr. Schonfeld or Mr. Lang could undertake several short field trips and supervise some of the other analysts on these field trips.
