

PARAPHRASE OF TELEGRAM RECEIVED

FROM: American Legation, Bern, Switzerland
To: Secretary of State, Washington
DATED: JULY 10, 1943, 10 p. m.
NUMBER: 4094

Referring to the Legation's telegram of July 3, no. 3929.

First, Riegner advises, by letter of July 6, that the delegation of the International Red Cross which has just come back from Bulgaria and Rumania reports the willingness of Rumanian officials to promote relief work in Transmistria. It is stated by R that an official determination, at an early date, with respect to the suggestions presented in the Legation's telegram no. 3567 of June 24 would make possible the issuance of suitable directions to the permanent delegate of the International Red Cross before he goes back to Rumania and would also make advantageous use of the current attitude of the Rumanian Government (should R's proposal be accepted).

Second. No information has been submitted by R concerning the possible reaction which the developments mentioned in telegram no. 3929, section A, from the Legation, may have upon the financing of relief, as suggested in his scheme.
