MEMORANDUM FOR GENERAL TAYLOR ✓
MR. ERVIN

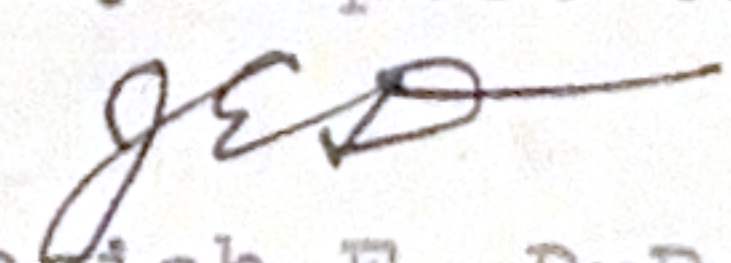

There is attached a dossier with respect to the aggressive war counts of the I. G. Farben case, containing the following documents:

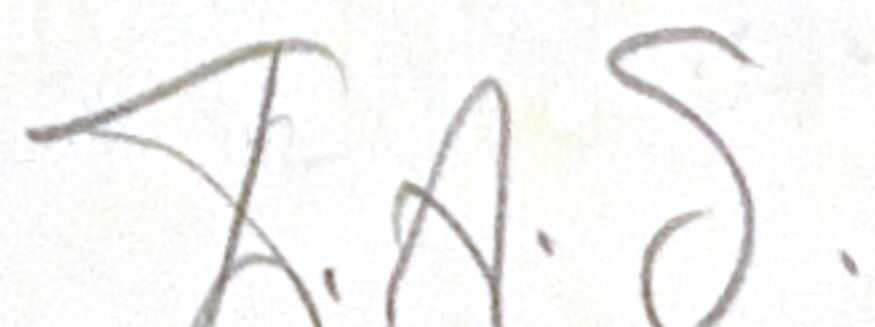

1. A brief outline of the charges relating to the planning, preparing and waging of invasions and wars of aggression.
2. A summary of the highlights proving participation by Farben in the planning, preparation and waging wars of aggression.
3. A list of additional evidence which we desire to obtain in connection with the aggressive war counts in the Farben case.

Steps have been initiated to obtain the additional evidence desired and in this connection Jan P. Charmatz, Belle Mayer and others are scheduled to leave for Berlin next Wednesday, and to spend some time, first in Berlin and then in Frankfurt, in an effort to expedite the obtaining of this additional evidence.

Within the next two weeks we hope to have ready a similar dossier relating to war crimes and crimes against humanity, including in particular participation by Farben in spoliation and slave labor.

In the meantime, work is going forward on the initial drafting of that part of the indictment relating to the aggressive war counts, on the basis of evidence now available and evidence which we can reasonably expect to obtain.
