FLICK CASE - REPORT NO. 5

DAILY TRIAL REPORT - TRIBUNAL NO. 4 - FLICK CASE

Evidence:

Prosecution completed the introduction of Document Books 3-A and 3-B which pertained to the Slave Labor Program in general. Document Book 4 which deals with the employment statistics of the Flick Konzern was introduced in toto in the afternoon session. Fifty documents in all were introduced, bringing the total of exhibits to 125.

Law and Procedure:

There were no objections by the Defense Counsel. In order to establish the authenticity of the initials of the various defendants which appear on a number of the documents to be introduced henceforth, a few of these documents were presented to the Tribunal together with a short affidavit of the Defendant Weiss identifying the initials. These affidavits were received by the court, the documents in question were circulated among the defendants, and all acknowledged them to be authentic.

Miscellaneous:

The Defendant Steinbrinck was again absent from court.

The Prosecution asked for a recess until Friday morning, since Document Book 5 had not as yet been delivered to the Defense Counsel. This was granted.

Previous reports have omitted to state which of the Prosecution Staff presented particular phases of the case. Book 1 was presented by Mr. Ervin, Book 2 by Mr. Lyon and Mr. Gantt, Book 3 by Mr. Ervin and Book 4 by Mr. Stone.
